

# Best Grant Proposal on promoting Family Medicine practice among young faculty and residents of Community Medicine. 2021

**Awarded by World NCD Federation during IAPSMCON21**

*World NCD Federation is a Professional Association, working for Global Health Agenda for Universal Health care for Non-communicable diseases (NCDs) which is accessible and acceptable to all and at a cost, the developed and developing countries can afford to maintain and sustain population wide and individual clinical NCD interventions.*

# Need for the grant

- Family practice has a major and potential role in prevention, management, improving compliance to lifestyle modification and treatment of noncommunicable diseases.
- Public health profession demands an increased association and exchange of ideas with multiple disciplines.
- Family practice among public health professionals is declining due to the shift in areas of interest and eventually there will be loss of acquired clinical skills and methods.
- To support this, and build family medicine skills a grant is being provided by the WNF in the platform of IAPSMCON 2021 to promote Family Medicine practice among young faculty and residents of Community Medicine working in the domain of non-communicable disease around the globe.

# Priority areas & Grant Objectives

1. Promotion of family medicine practice among IAPSM members
2. To develop better skills in long & short case presentation among residents
3. Promotion of Comprehensive NCD management in primary & secondary health care facilities
4. Use of technology & digital health interventions
5. To meet the national health policy mandate as per national priorities

# Guidelines for Grant and Eligibility

- A grant of Rs. 50,000/- in two installments
- Two Installments (Rs. 25000 after the selection of the proposal & Rs 25000 after the submission of the final report)
- Topic should be Promotion of Family medicine practice focusing on NCDs
